### DAY 1: SEKUMPUL WATERFALL TREKKING

Sekumpul Waterfall is touted as the most beautiful waterfall in Bali. It is fairly close to Niagara Falls Lemukih, only about 2 km away. Understandably, the Village and Village Lemukih Sekumpul indeed neighbors. To see Sekumpul Waterfall close, it takes a bit of effort and struggle. From the parking lot, you have to walk quite far away, down a dirt road, down the hundreds of stairs, and across the river. When you ride a motorcycle, you can still ride from the parking lot (near the ticket window), to the end of the road paving. After paving the way out, the road turned into a narrow dirt road (footpath). Not long down the path, you arrived at a blank bale (gazebo) with Niagara Falls Sekumpul incredible lure. From the blank bale, seen Niagara Sekumpul very pretty in the distance. That makes this waterfall is different from most waterfalls, Niagara Sekumpul not just made up of one or two waterfalls. There are at least seven waterfalls are located separate and apart, you can see from the blank bale. Seven waterfalls scattered in the high cliffs and surrounded by green trees soothes the eye. Seventh waterfall has a shape and a different height. Absolutely amazing. Not one did, when Niagara Sekumpul crowned as the most beautiful waterfall in Bali.

In this Trekking tours you will passed through several local peoples houses, Temple, History Monument, Beautiful rice field and you will see so many fruit trees around the village. It turns out that people around this area do like to grow trees. That will impressed you. There are Durian and rambutan trees everywhere. After walking around for five minutes, we were able to see several waterfalls from a distance. Beautiful! It probably seven waterfalls in total around this area. You will cross a river and trek through the jungle a tiny bit, before we finally arrived at the base of the twin waterfall. you can swimming and playing around the base of the twin waterfall.
